

# KEYNOTES

## Keystone Adult Day Program

*Partners in Dementia Care*

## Hello Friends!

On Friday, March 13, Keystone closed its doors in the wake of the Covid19 pandemic.

With the information available at that time, we decided we would close 'for a few weeks' and take a wait and see approach. Five months later, we remain closed and committed to the health and safety of our participants, caregivers and staff. We are bound by the science and the data which inform our decision as to when it will be safe to reopen. Please know that we miss each and every one of you!
